

Réf.052215

GYSPOT 39.02

230V steel dent puller with 3800A output current, ideal for all steel straightening and dent pulling jobs.

Simple to use thanks to its automatic gun and its user friendly control panel.

Spotter Box
Ref: 053915

USER FRIENDLY

Only 2 parameters to select

- the output power level (amongst 11 levels)
 - the tool which is used (amongst 7 tools)
- => **no need to select the welding current and welding time anymore.**

Automatic triggering

The welding is triggered automatically by a simple contact between the tool and the part to straighten.
